

Guideline Updates: Community-Acquired Pneumonia and Asymptomatic Bacteriuria

Please join MAD-ID for a free 1.5-hour interactive continuing education program with the opportunity to also earn BCIDP recertification credit focusing on important aspects of recent guidelines for management of asymptomatic bacteriuria and community-acquired pneumonia.

Date/Time:

Tuesday September 8, 2020 at 12:00 pm – 1:30 pm EDT

Goal:

To provide an online continuing professional educational program to educate interested healthcare providers on the latest recommended management for community-acquired pneumonia and asymptomatic bacteriuria.

Target Audience:

Clinical Pharmacists, Physicians, Advanced Practice Nurses and Physician Assistants

Learning Objectives:

1. Describe the conditions and patient populations for asymptomatic bacteriuria
2. Discuss the issues and drawbacks to treating asymptomatic bacteriuria
3. List the instances where asymptomatic bacteriuria should be treated
4. Describe the overall management issues surrounding the treatment of CAP
5. Review the major changes in the CAP treatment guidelines

6. Discuss controversies that still remain to be answered regarding the treatment of CAP

Activity Type:

Knowledge

Continuing Education Credit:

Will be awarded to those participants passing a post-event learning assessment quiz.

MAD-ID is accredited by the Accreditation Council for Pharmacy Education as the provider of continuing pharmacy education. 1.5 CEU will be awarded.
UAN #: 0485-0000-20-024-L01-P

This activity has been planned and implemented in accordance with the accreditation requirement and policies of the Accreditation Council for Continuing Medical Education (ACCME). MAD-ID is accredited by the ACCME to provide continuing medical education (CME) for physicians.

MAD-ID designates this “live activity” for a maximum of *1.5 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

BCIDP Recertification Credit:

This program is also available for 1.5 hours of board certified infectious diseases pharmacist (BCIDP) recertification credit for \$20 through **The Society of Infectious Diseases Pharmacists (SIDP)**. SIDP is accredited by the Board of Pharmacy Specialties (BPS) as a provider of BCIDP credit. A BCIDP statement of credit will be issued online upon successful completion of a post-test and online evaluation. The post-test must be successfully completed in only one attempt. No partial credit will be given. BCIDP accreditation begins 09/08/2020 for this activity and is available for one year from this date. **BCIDP registrants will need an attendance code to obtain recertification and can begin the process at www.SIDP.org/SIDPEC after the webinar. Once on the website click the Evaluation button next to this webinar title from the list. Purchase**

BCIDP recertification credit and complete the evaluation process. For information or questions regarding BCIDP recertification credits, contact: ProCE, Inc., phone: 630-540-2848, email: info@proce.com.
